

# Supply Chain Coordinator

## The role:

As the supply chain Coordinator you will report to the commercial manager and provide ongoing assistance and support relating to shipment information, ensuring any issues, discrepancies or delays are effectively communicated to the customer and account owners throughout the process and resolved in a timely manner.

Where issues arise you will ensure these are dealt with appropriately, creating win-win scenarios and where appropriate escalating the issues to line manager/key stakeholders for support/resolution.

Maintain high quality of historical and master data to drive an accurate and reliable statistical forecast model for long-term horizon financial reporting.

Preparation of fact-based analysis of forecast performance, month on month changes and key performance Indicators, for weekly and monthly reviews.

## About you:

- Strong organization skills
- English and French speaking is a must / Spanish is a plus
- Excellent Excel knowledge is a must
- Imports / exports and Customs knowledge is a plus
- Business and results oriented
- Analytical approach.
- Attention to detail
- Ability to deliver under pressure to tight deadlines
- Self-motivated, independent and dynamic.
